**CC:** Paul Baker

---

Boyd,

We received your proposed NOI last week, and will continue to communicate with you about the additional maps and information needed in order for us to approve your proposed NOI.

The Division grants until June 23, 2011, for you to formally submit the NOI. Your bond will be required once the reclamation cost has been calculated.

Be advised that you are not permitted to remove rock from your property until the Division has approved your NOI and received an acceptable bond from you.

Consider this an official response to your lawyer's request for an extension of the time period to submit a permit and bond for your planned landscape rock excavation. We do not have Kyle Fielding's email address at this point, and are awaiting his return call to discuss the extension. Paul and I left messages with him today informing him of the extension.

If you have any questions or concerns, please contact me or Paul Baker (801-538-5261).

Peter
